- **Creative Media & Game Technologies**

Relevant Subjects:

- **Shader Programming**
- **Rendering Engines**
- **Software Architecture**
- **Programming Fundamentals**
- **Algorithms**
- **Procedural Art**

Propaedeutic Certificate Achieved

Work Experience

- **Poiesz b.v. (2022 - 2024)**

- **Shelf Stacker & Cashier**

- **Student Organisation XP (2024)**

- **Responsible for PR**

Projects

- Gamble Core

- Lead Engineer
- Gameplay Programmer
- Game logic Programmer
- Shader Programmer
- UI Programmer

Gamble Core is a small turn-based Game about gambling with years of life. The gameplay is entirely based on gambling with extra powerups to get the odds in your favor (Or the opposite!)

- Project Growth

- Lead Engineer
- UI Programmer
- Game Logic Programmer

Project Growth is a desktop plant buddy you can take care of by completing a self-made task list. Watch your own little garden populate with plant buddies as you get more done!

Skills

- Krita
- Unity
- Substance Designer
- Maya
- C#
- C++
- HLSL
- GLSL
